CRATER - Design by Ilkka Terho

- Lightweight & durable for indoor or outdoor use.
- Contoured seats with soft edges. Roto-molded polyethylene. Available in Fog, Taupe, Dark Green & Terracotta. 100% recyclable.

CRATER 2 Seat - 18" H x 54" L x 20" W

CRATER 3 Seat - 18" H x 77" L x 20" W

WING Design by Henri Kjellberg & Jon Lindstrom

- Beautifully crafted cast aluminum ends and thin profile seat. Indoor/outdoor use.
- Seat options include faux leather, COM, and interior or exterior wood finishes.

WING - 18" H x 72" L x 18" W

Intensive Use Benches - Mixed Materials

These benches are designed for extra durability in heavy use applications. This includes parks, golf courses, public transportation facilities, recreation centers, schools, and much more. For indoor or outdoor use.

Available in standard (52", 76" and 100") and variable lengths. Available with and without arms.

UV stabilizers are integrated into the polypropylene ribs to prevent fading from the elements and direct sunlight. For indoor applications the polypropylene ribs are formulated with fire retardant additives to pass the rigid California TB-133 Flammability test.

The "ribs" are available in Teal, Fog Grey, Plum and Slate Blue. Moreover, they are individually molded to allow for custom configurations and simple replacement in case of damage or vandalism.

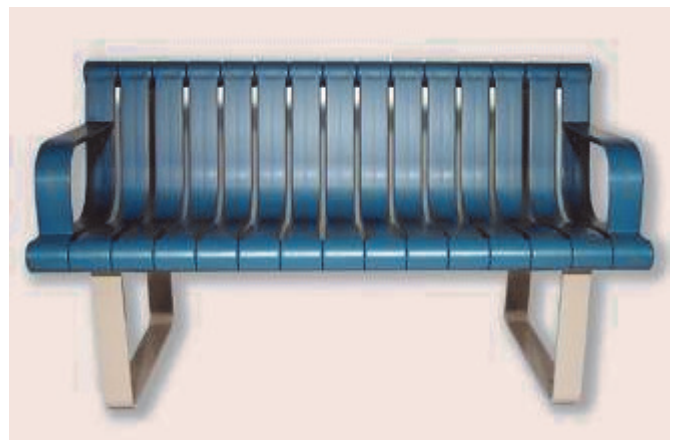

The rugged 2" diameter, 14 gauge steel tube frame is welded to 2 1/2" x 3/8" steel bar stock that forms the base. The standard outdoor finish includes zinc plating and factory applied powder coated Fog Grey paint. Benches ship fully assembled and are pre-drilled so they can be bolted in place.

Wall mounting available

The bench ribs do not absorb heat or cold.

Benches - Concrete

CLASSIC LODGE SERIES 1 Beautiful wood seat

72" x 16.5" x 17.5" 390 lbs. Leg finish options in Exposed Aggregate or Sand Blasted Texture. Shown in Cedar Wood with Aggregate Dura Brite Concrete Legs.
